IMPORTANT ACCOUNT INFORMATION

Regulation D and Wells Fargo withdrawal and transfer restrictions on all savings accounts (including money market deposit accounts) have been discontinued.

The Federal Reserve Board recently removed Regulation D's six transaction limit on certain withdrawals and transfers from savings accounts (including money market deposit accounts), and allowed banks to suspend enforcement of that limit at each bank's discretion. Your Commercial Account Agreement states that both Regulation D and Wells Fargo limit certain types of withdrawals and transfers from a savings account (or a money market deposit account) to a combined total of six per calendar month or statement cycle. This message is to advise you that these limits were removed in May 2020. We have also discontinued charging the related excess activity fees, and have ceased account conversions and account closures related to the six withdrawal or transfer limit.

While it will take a period of time to update our disclosures and other materials, the changes described above apply to your account immediately and allow you to make withdrawals and transfers, including online and mobile, from your savings account without regard to the previous limit of six transactions. If you have any questions about your account, please call the phone number at the top of your statement.

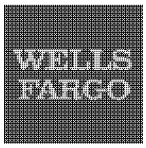
IMPORTANT ACCOUNT INFORMATION

Effective on or after April 1, 2021, the ATM Access Code feature will no longer be available to access your accounts at Wells Fargo ATMs. You may continue to access Wells Fargo ATMs using your Wells Fargo Debit, ATM or EasyPay Card, or with a Wells Fargo-supported digital wallet on your mobile device. For more information about adding your card to a digital wallet, please visit wellsfargo.com/mobile/payments. Availability may be affected by your mobile carrier's coverage area. Your mobile carrier's message and data rates may apply. Some ATMs within secure locations may require



a physical card for entry. Note: After the ATM Access Code feature for accessing Wells Fargo accounts is discontinued, the "Use an Access Code" button may continue to be displayed on Wells Fargo ATMs to support other services.

Effective on or after April 1, 2021, Wells Fargo will no longer issue temporary debit cards, including Wells Fargo Instant Issue Debit Cards, Wells Fargo Business Instant Issue Debit Cards, and EasyPay Instant Cards. If you need a replacement card, you may request one by signing on to Wells Fargo Online® or calling the number on your statement. Once requested, replacement cards arrive by mail in 5 to 7 calendar days. You may add your Wells Fargo Debit Card or EasyPay Card to your Wells Fargo-supported digital wallet so you can make secure, convenient purchases in stores, online, and in apps, and access Wells Fargo ATMs while you wait for your replacement card. For more details on digital wallets, please visit **wellsfargo.com/mobile/payments.** Availability may be affected by your mobile carrier's coverage area. Your mobile carrier's message and data rates may apply. Some ATMs within secure locations may require a physical card for entry.

IMPORTANT ACCOUNT INFORMATION

Effective on or after April 1, 2021, the ATM Access Code feature will no longer be available to access your accounts at Wells Fargo ATMs. You may continue to access Wells Fargo ATMs using your Wells Fargo Debit, ATM or EasyPay Card, or with a Wells Fargo-supported digital wallet on your mobile device. For more information about adding your card to a digital wallet, please visit wellsfargo.com/mobile/payments. Availability may be affected by your mobile carrier's coverage area. Your mobile carrier's message and data rates may apply. Some ATMs within secure locations may require a physical card for entry. Note: After the ATM Access Code feature for accessing Wells Fargo accounts is discontinued, the "Use an Access Code" button may continue to be displayed on Wells Fargo ATMs to support other services.

IMPORTANT ACCOUNT INFORMATION

Effective September 1, 2021, the non-Wells Fargo ATM balance inquiry fee will increase from $2.00 to $2.50, and the non-Wells Fargo ATM transfer fee will increase from $2.00 to $2.50. To avoid these fees, monitor your balances and transfer money by accessing Wells Fargo ATMs, calling the number on the back of your card, and using Wells Fargo Online® or the Wells Fargo Mobile® app. Availability may be affected by your mobile carrier's coverage area. Your mobile carrier's message and data rates may apply. These fees may not be applicable to all customers and may vary depending on the type of Account you have. For more details, refer to the applicable Wells Fargo Fee and Information Schedule for your Account.

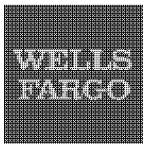
IMPORTANT ACCOUNT INFORMATION

Effective September 1, 2021, the non-Wells Fargo ATM balance inquiry fee will increase from $2.00 to $2.50, and the non-Wells Fargo ATM transfer fee will increase from $2.00 to $2.50. To avoid these fees, monitor your balances and



transfer money by accessing Wells Fargo ATMs, calling the number on the back of your card, and using Wells Fargo Online® or the Wells Fargo Mobile® app. Availability may be affected by your mobile carrier's coverage area. Your mobile carrier's message and data rates may apply. These fees may not be applicable to all customers and may vary depending on the type of Account you have. For more details, refer to the applicable Wells Fargo Fee and Information Schedule for your Account.

Questions?

Call your Customer Service Officer or Client Services
1-800-AT WELLS (1-800-289-3557)
5:00 AM TO 6:00 PM Pacific Time Monday - Friday

Online: *wellsfargo.com*

Write: Wells Fargo Bank, N.A. (348)
P.O. Box 6995
Portland, OR 97228-6995

IMPORTANT ACCOUNT INFORMATION

Revised USPS service standards effective 10/1/21

Effective October 1, 2021, the United States Postal Service (USPS) has revised its service standards for certain First-Class Mail items, resulting in a delivery window of up to five days. Please note this may delay your receipt of mail from us and our receipt of mail from you. Please take this change into account when mailing items to us via USPS.

Consider signing into Wells Fargo Online® for quicker access to your account information.

IMPORTANT ACCOUNT INFORMATION

Revised USPS service standards effective 10/1/21

Effective October 1, 2021, the United States Postal Service (USPS) has revised its service standards for certain First-Class Mail items, resulting in a delivery window of up to five days. Please note this may delay your receipt of mail from us and our receipt of mail from you. Please take this change into account when mailing items to us via USPS.

Consider signing into Wells Fargo Online® for quicker access to your account information.

Addendum to Wells Fargo Commercial Account Agreement
Effective March 18, 2022, Wells Fargo is updating the descriptions of its procedures in Wells Fargo's Commercial Account Agreement (and the other agreements governing your commercial deposit account) for determining your account's available balance, posting transactions to your account, and overdrawing your account. In the event of a conflict between this update and any other agreements governing your deposit account, this update will control. Except as expressly modified by this Addendum, these agreements remain in full force and effect.
In the Wells Fargo Commercial Account Agreement, delete the provision titled "Available balance, posting order, and overdrafts" (and similar provisions in other agreements governing your Wells Fargo commercial deposit account) and replace them with the following:

Available balance, posting order, and overdrafts

How do we determine your account's available balance?
Your account's available balance is our most current record of the amount of money in your account available for your use or withdrawal. We use the available balance to process your transactions during the day (e.g., wire transfers and other electronic transactions). We also use the available balance when we process your transactions during our nightly processing. We calculate your available balance as follows:
- We start with the ending daily account balance from our prior business day nightly processing that includes all transactions deposited to or paid from your account.
- We subtract from this balance any holds placed on a deposit to your account and any holds placed due to legal process.
- We add pending deposits that are immediately available for your use (including cash deposits, electronic deposits, and the portion of a paper check deposit we make available; see "Funds availability policy" section for details).
- We subtract pending withdrawals we have either received (such as wire transfers and other electronic transactions) or are known to us (such as your checks we receive for payment from your account) but have not processed.
How do we post transactions to your account?

©2010 Wells Fargo Bank, N.A.
All rights reserved. Member FDIC.

We post transactions each business day (Monday through Friday except federal holidays) during our nightly processing. Once we process a transaction, we post the results to your account. There are three key steps to this process. The most common types of transactions are processed as described below.

1. We determine the available balance in your account (as described above) that we can use to pay your transactions.

2. We sort your transactions into three categories: deposits, "must-pay" transactions, and checks and certain ACH payments.

- Deposits. We credit your account for deposits, including cash and check deposits and incoming electronic transfers, received before the cutoff time at the location the deposit or transfer was made.
- "Must-pay" transactions. A "must-pay" transaction is a withdrawal/payment we have previously authorized and cannot return unpaid, such as account transfers, and teller-cashed checks. If we receive more than one of these transactions for payment from your account, we will generally sort and pay them based on the date and time we received them. Multiple transactions that have the same time will be sorted and paid from lowest to highest dollar amount.
- Checks and certain ACH payments. Finally, we use your remaining funds to pay your checks and preauthorized ACH payments (such as bills you pay by authorizing a third party to withdraw funds directly from your account). If there is more than one of these types of transactions, they will be sorted by the date and time we received them. Multiple transactions that have the same time will be sorted and paid from lowest to highest dollar amount.

3. If the available balance in your account is not enough to pay all of your transactions, we will decide whether to pay your transaction and overdraw your account or return your transaction unpaid.

- Important Note: When we receive multiple transactions on the same day and the available balance in your account is not enough to pay all the transactions, we reserve the right to choose the order in which we pay the transactions, including paying the highest dollar amount first or in any other order we determine in our sole discretion.

How do we handle overdrafts?

At our discretion, we are permitted to pay items into overdraft rather than returning them unpaid. You agree to pay the applicable fee associated with an overdraft or returned item. Any overdraft on your account is immediately due and payable, unless we agree otherwise in writing. You agree to reimburse us for any attorneys' fees and other costs and expenses we incur in recovering the overdraft (including overdraft and associated fees). When we post items in the order of highest to lowest dollar amount, the overdraft and returned item fees may be more than these fees would be if we were to post the items in the order of lowest to highest dollar amount.

Addendum to Wells Fargo Commercial Account Agreement
Effective March 18, 2022, Wells Fargo is updating the descriptions of its procedures in Wells Fargo's Commercial Account Agreement (and the other agreements governing your commercial deposit account) for determining your account's available balance, posting transactions to your account, and overdrawing your account. In the event of a conflict between this update and any other agreements governing your deposit account, this update will control. Except as expressly modified by this Addendum, these agreements remain in full force and effect.
In the Wells Fargo Commercial Account Agreement, delete the provision titled "Available balance, posting order, and overdrafts" (and similar provisions in other agreements governing your Wells Fargo commercial deposit account) and replace them with the following:

Available balance, posting order, and overdrafts

How do we determine your account's available balance?
Your account's available balance is our most current record of the amount of money in your account available for your use or withdrawal. We use the available balance to process your transactions during the day (e.g., wire transfers and other electronic transactions). We also use the available balance when we process your transactions during our nightly processing. We calculate your available balance as follows:
- We start with the ending daily account balance from our prior business day nightly processing that includes all transactions deposited to or paid from your account.
- We subtract from this balance any holds placed on a deposit to your account and any holds placed due to legal process.
- We add pending deposits that are immediately available for your use (including cash deposits, electronic deposits, and the portion of a paper check deposit we make available; see "Funds availability policy" section for details).
- We subtract pending withdrawals we have either received (such as wire transfers and other electronic transactions) or are known to us (such as your checks we receive for payment from your account) but have not processed.
How do we post transactions to your account?
We post transactions each business day (Monday through Friday except federal holidays) during our nightly processing. Once we process a transaction, we post the results to your account. There are three key steps to this process. The most common types of transactions are processed as described below.
1. We determine the available balance in your account (as described above) that we can use to pay your transactions.
2. We sort your transactions into three categories: deposits, "must-pay" transactions, and checks and certain ACH payments.
- Deposits. We credit your account for deposits, including cash and check deposits and incoming electronic transfers, received before the cutoff time at the location the deposit or transfer was made.
- "Must-pay" transactions. A "must-pay" transaction is a withdrawal/payment we have previously authorized and cannot return unpaid, such as account transfers, and teller-cashed checks. If we receive more than one of these transactions for payment from your account, we will generally sort and pay them based on the date and time we received them. Multiple transactions that have the same time will be sorted and paid from lowest to highest dollar amount.
- Checks and certain ACH payments. Finally, we use your remaining funds to pay your checks and preauthorized ACH payments (such as bills you pay by authorizing a third party to withdraw funds directly from your account). If there is more than one of these types of transactions, they will be sorted by the date and time we received them. Multiple transactions that have the same time will be sorted and paid from lowest to highest dollar amount.
3. If the available balance in your account is not enough to pay all of your transactions, we will decide whether to pay your transaction and overdraw your account or return your transaction unpaid.
- Important Note: When we receive multiple transactions on the same day and the available balance in your account is not enough to pay all the transactions, we reserve the right to choose the order in which we pay the transactions, including paying the highest dollar amount first or in any other order we determine in our sole discretion.
How do we handle overdrafts?

©2010 Wells Fargo Bank, N.A.
All rights reserved. Member FDIC.

At our discretion, we are permitted to pay items into overdraft rather than returning them unpaid. You agree to pay the applicable fee associated with an overdraft or returned item. Any overdraft on your account is immediately due and payable, unless we agree otherwise in writing. You agree to reimburse us for any attorneys' fees and other costs and expenses we incur in recovering the overdraft (including overdraft and associated fees). When we post items in the order of highest to lowest dollar amount, the overdraft and returned item fees may be more than these fees would be if we were to post the items in the order of lowest to highest dollar amount.

Effective June 1, 2022, we are making changes to the non-sufficient funds (NSF) and overdraft fees that affect your Commercial Banking account. Please review the below details:

Elimination of Returned Item (Non-sufficient Funds/NSF) Fee

We will no longer charge a NSF fee on certain items we return unpaid due to non-sufficient funds. The fee is displayed on your deposit or Client Analysis statement as NSF RETURN ITEM FEE or service code 24253 - OVERDRAFT CHARGE-RETURNED ITEM. Overdraft fees will continue to apply to items we pay into overdraft (up to a maximum of four fees per day for Commercial Banking accounts). These changes do not affect fees that third parties or other banks may charge.

For current versions of the Commercial Account Agreement, and applicable addenda, please visit **wellsfargo.com/treasury.** If you have additional questions, contact your relationship team.

Elimination of the overdraft protection transfer and advance fee

If you have linked your account to a savings account or credit card for overdraft protection, we will no longer charge the overdraft protection transfer or advance fee. Advances from a linked credit card will continue to accrue interest from the date of each advance. Overdraft fees continue to apply to any items we pay into overdraft where transfers and advances from your linked accounts cannot cover the cost.

Effective June 1, 2022, we are making changes to the non-sufficient funds (NSF) and overdraft fees that affect your Commercial Banking account. Please review the below details:

Elimination of Returned Item (Non-sufficient Funds/NSF) Fee

We will no longer charge a NSF fee on certain items we return unpaid due to non-sufficient funds. The fee is displayed on your deposit or Client Analysis statement as NSF RETURN ITEM FEE or service code 24253 - OVERDRAFT CHARGE-RETURNED ITEM. Overdraft fees will continue to apply to items we pay into overdraft (up to a maximum of four fees per day for Commercial Banking accounts). These changes do not affect fees that third parties or other banks may charge.

For current versions of the Commercial Account Agreement, and applicable addenda, please visit **wellsfargo.com/treasury.** If you have additional questions, contact your relationship team.

Elimination of the overdraft protection transfer and advance fee

If you have linked your account to a savings account or credit card for overdraft protection, we will no longer charge the overdraft protection transfer or advance fee. Advances from a linked credit card will continue to accrue interest from the date of each advance. Overdraft fees continue to apply to any items we pay into overdraft where transfers and advances from your linked accounts cannot cover the cost.

Average daily ledger balance **$943,385.20**

Effective June 1, 2022, we are making changes to the non-sufficient funds (NSF) and overdraft fees that affect your Commercial Banking account. Please review the below details:

Elimination of Returned Item (Non-sufficient Funds/NSF) Fee

We will no longer charge a NSF fee on certain items we return unpaid due to non-sufficient funds. The fee is displayed on your deposit or Client Analysis statement as NSF RETURN ITEM FEE or service code 24253 - OVERDRAFT CHARGE-RETURNED ITEM. Overdraft fees will continue to apply to items we pay into overdraft (up to a maximum of four fees per day for Commercial Banking accounts). These changes do not affect fees that third parties or other banks may charge.

For current versions of the Commercial Account Agreement, and applicable addenda, please visit **wellsfargo.com/treasury.** If you have additional questions, contact your relationship team.

Elimination of the overdraft protection transfer and advance fee

If you have linked your account to a savings account or credit card for overdraft protection, we will no longer charge the overdraft protection transfer or advance fee. Advances from a linked credit card will continue to accrue interest from the date of each advance. Overdraft fees continue to apply to any items we pay into overdraft where transfers and advances from your linked accounts cannot cover the cost.

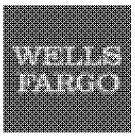
Average daily ledger balance **$942,705.33**

The United States Postal Service (USPS) continues to adapt to the global impact of the labor market and supply chain issues. As a result, there could be a change to when you receive mail from Wells Fargo, and when we receive mail from you.

©2010 Wells Fargo Bank, N.A.
All rights reserved. Member FDIC.



The USPS now advises a delivery time of five business days for First Class mail. Items such as deposit adjustment notices, returned items, lockbox items, and other documents delivered by mail are subject to the new delivery standard.

If you have questions, speak to your banker about what electronic delivery options are available for your account or service.
